The Lorenzoni family opened the doors of the Ragged Mountain Running and Walking Shop in 1982 and have been on Elliewood Avenue ever since. Their daily goal has been to give community neighbors the very best service to keep them happy on their feet. They're now serving the third generation of family customers with their shoe needs. They love being a longtime Corner merchant! Please see their website; in addition to the shop details, it covers all things “running” in Charlottesville. This is a true 5 STAR Corner business.
